

# PAEDIATRIC STOMAL THERAPY SCHOLARSHIP

Children's Nursing Queensland is excited to offer one scholarship valued at \$1,500 to support attendance, travel, and/or accommodation costs related to the upcoming Asia Pacific Federation of Coloproctology 2027 Joint Conference. The conference is shared between the Australian Association of Stomal Therapy Nurses and the Colorectal Surgical Society of Australia and New Zealand. In addition to the financial support, mentoring will be provided both prior to and following the conference to help the recipient maximise their learning and professional development. This opportunity is open to all nurses who have an interest in advancing their knowledge and skills in paediatric stomal therapy.

## PURPOSE

- Encourage greater attendance and engagement at AASTN conferences from individuals with an interest in, or currently working in, paediatric stomal therapy
- Foster improved networking and collaboration among paediatric stomal therapists
- Optimise paediatric ostomate outcomes across community and healthcare settings

## DETAILS

Offered for the 2027 AASTN Conference (16-19 November in Sydney)

Closing date for applications: 30 April 2027

## REQUIREMENTS

Following attendance at the 2027 conference, the scholarship recipient is required to prepare a 500 word summary sharing what paediatric stoma knowledge they have gained.

The article may be submitted for publishing with the Journal of Stomal Therapy Australia

Applications to be submitted via QR Code
